

A "retailer maintaining a place of business in Illinois" as described in 86 Ill. Adm. Code 150.201(i) is required to register with the State as an Illinois Use Tax collector. See 86 Ill. Adm. Code 150.801. (This is a GIL.)

February 14, 2003

Dear Xxxxx:

This letter is in response to your letter to the Department dated October 25, 2002. The nature of your letter and the information you have provided require that we respond with a General Information Letter, which is designed to provide general information, is not a statement of Department policy and is not binding on the Department. See 2 Ill. Adm. Code 1200.120 subsections (b) and (c), which can be found at <http://www.revenue.state.il.us/Laws/regs/part1200/>.

In your letter, you have stated and made inquiry as follows:

AAA is issuing this letter in good faith regarding the collection of Sales/Use Tax for your state. We seek your written opinion as to whether AAA would have Nexus in your state.

Effective November 15, 2002, AAA will begin business operations. Our principal offices are located at CITY/STATE, with warehouse locations in CITY/STATE1. The nature of the business is conducting party-plan sales through independent contractors. Although independent contractors may be located in your state, employees will be located only in STATES. AAA will not have employees working in your state. Products sold will be delivered by common carrier.

In our opinion, AAA does not have Nexus in your state. Please express your opinion in writing.

If your office is not responsible for making an opinion regarding this matter, please forward this letter accordingly and notify us of the same. If there are other taxing authorities in your state that this letter should be directed to, please forward this letter or reply to us with the address information of that taxing authority and we will issue the letter.

We respectfully request your reply within 30 days of the date of this letter. Thank you for your assistance.

Determinations regarding the subject of nexus are normally very fact specific. The Department has found that the best manner to determine nexus is for a Department auditor to examine all relevant facts and information. The following guidelines, however, may be useful to you in

determining whether your corporation would be considered "a retailer maintaining a place of business in Illinois" subject to Use Tax collection obligations.

Whether a retailer is subject to Illinois Retailers' Occupation Tax (sales tax) liability or is required to collect Illinois Use Tax from its Illinois customers depends upon whether that retailer has sufficient "nexus" with the State of Illinois so that the retailer will be subject to Illinois law. The following information outlines the principles of nexus.

An "Illinois Retailer" is one who either accepts purchase orders in the State of Illinois or maintains an inventory in Illinois and fills Illinois orders from that inventory. The Illinois Retailer is then liable for Retailers' Occupation Tax on gross receipts from sales and must collect the corresponding Use Tax incurred by the purchasers.

Another type of retailer is the retailer maintaining a place of business in Illinois. The definition of a "retailer maintaining a place of business in Illinois" is described in 86 Ill. Adm. Code 150.201(i), enclosed. This type of retailer is required to register with the State as an Illinois Use Tax collector. See 86 Ill. Adm. Code 150.801, enclosed. The retailer must collect and remit Use Tax to the State on behalf of the retailer's Illinois customers even though the retailer does not incur any Retailers' Occupation Tax liability.

The United States Supreme Court in *Quill Corp. v. North Dakota*, 112 S.Ct. 1904 (1992), set forth the current guidelines for determining what nexus requirements must be met before a person is properly subject to a state's tax law. The Supreme Court has set out a 2-prong test for nexus. The first prong is whether the Due Process Clause is satisfied. Due process will be satisfied if the person or entity purposely avails itself or himself of the benefits of an economic market in a forum state. *Quill* at 1910.

The second prong of the Supreme Court's nexus test requires that, if due process requirements have been satisfied, the person or entity must have physical presence in the forum state to satisfy the Commerce Clause. A physical presence is not limited to an office or other physical building. Under Illinois law, it also includes the presence of any agent or representative of the seller. This could include independent contractors. The representative need not be a sales representative. Any type of physical presence in the State of Illinois, including the vendor's delivery and installation of his product on a repetitive basis, will trigger Use Tax collection responsibilities. Please refer to *Brown's Furniture, Inc. v. Zehnder*, 171 Ill.2d 410 (1996).

The final type of retailer is the out-of-State retailer that does not have sufficient nexus with Illinois to be required to submit to Illinois tax laws. A retailer in this situation does not incur Retailers' Occupation Tax on sales into Illinois and is not required to collect Use Tax on behalf of its Illinois customers. However, the retailer's Illinois customers will still incur Use Tax on the purchase of the out-of-State goods and have a duty to self-assess their Use Tax liability and the customer must remit the amount directly to the State. The Use Tax rate is 6.25%.

In general, the imposition of the various local sales taxes in Illinois takes effect when "selling" occurs in a jurisdiction imposing a tax. The Department's opinion is that the most important element of selling is the seller's acceptance of the purchase order. Consequently, if a purchase order is accepted in a jurisdiction that imposes a local tax, that tax will be incurred. See 86 Ill. Adm. Code 270.115(b), enclosed. The tax rate is fixed by the location of the seller, not the delivery location. The fact that the item being sold is shipped from out-of-State or from another Illinois location is immaterial for purposes of local taxes if the sale occurs through order acceptance in an Illinois jurisdiction imposing a local tax. For these transactions the local tax will be incurred.

If a purchase order is accepted outside the State, but the property being sold is located in an inventory of the retailer which is located in an Illinois jurisdiction that has imposed a local tax (see, for example, Section 270.115(b)(3)), then the location of the property at the time of sale will determine where the seller is engaged in business for the purpose of determining the imposition of applicable local sales taxes. In situations in which the retailer has nexus, but both the purchase order acceptance and the location of the property being purchased are outside of the State of Illinois, such sales would only be subject to the Illinois Use Tax at the rate of 6.25%.

Although the regulation cited above (86 Ill. Adm. Code 270.115) deals with the municipal home rule taxes, the principles outlined in this regulation apply to all local taxes administered by the Department.

I hope this information is helpful. The Department of Revenue maintains a Web site, which can be accessed at www.revenue.state.il.us. If you have further questions related to the Illinois sales tax laws, please contact the Department's Taxpayer Information Division at (217) 782-3336.

If you are not under audit and you wish to obtain a binding Private Letter Ruling regarding your factual situation, please submit all of the information set out in items 1 through 8 of Section 1200.110(b).

Very truly yours,

Martha P. Mote
Associate Counsel
